

Hungarian Society of Endocrinology and Metabolism
nagy@internal.med.unideb.hu

Geneva, 18th October 2017

Dear Endre Nagy,

Re: Your International Society of Endocrinology (ISE) membership

We would like to take this opportunity to thank you for your long-term commitment to our global network. We are very grateful for the Hungarian Society of Endocrinology and Metabolism's membership and dedication to the ISE. Attached you will find a selection of digital materials promoting your highly-valued membership including, a membership certificate and banners for your society email or website.

As a reminder, your society and its members are entitled to varied benefits, including:

- \$150 discount on the registration fee for ICE meetings
<http://www.ice2018.org>
- Travel Grants of up to \$1500 to help early career members attend International meetings and present their research
- Networking opportunities at ISE meetings
- Voting and nomination rights for the election of ISE Officers and the Programme Organising Committee of the ICE meetings
- 20% discount on publication fees in the Endocrinology, Diabetes & Metabolism Case Reports, Indexed in PubMed and Emerging Sources Citation Index <https://www.edmcasereports.com>

We want to hear from you!

- Ensure you stay in touch throughout the year and communicate any changes in your society, such as elections, contact details and meeting announcements
- Did you know, each member society has a public profile on the ISE website? <http://www.isendo.org/members.html> Be sure to check your page and inform us of any updates via office@isendo.org
- Please share our communications with your members - for reference, back copies of previous member updates can be accessed via the ISE Members area: <http://www.isendo.org/members/> with your username: <isehun> and password: <d1553m1nat3>

Your society's continued engagement is core to our future activities and in particular this year, your contribution to our member survey formed the basis of our recent strategic review. We are excited to soon be launching a revised 5-year strategic plan with member value, integrated partnerships and scientific collaboration at its core.

In challenging global times, our unique network of national endocrine societies with the collective aim of furthering the scientific studies and clinical practices of all branches of endocrinology, metabolism and diabetes throughout the world, is more important than ever.

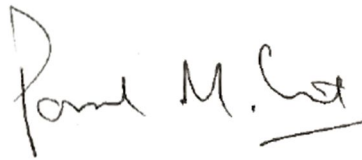

We look forward to working with your society over the coming months and years to strengthen and enrich our extensive international community in working towards important common goals.

With warmest regards and very best wishes.

Yours sincerely
