

## Your monthly dose of **ISEnews**

In this month's newsletter we feature a number of education activities focusing on several areas of thyroid disease management, in the context of the upcoming World Thyroid Day - 25th May. We hope you like it!

We will be present at the [European Congress of Endocrinology](#) in Lyon, France next week and hope to see all our European friends there. Come and visit us at the Booth - #A08!

### Join our grand round discussion with Prof Andrew Bauer

*From 25 May-8 June 2019*

#### ***Pediatric Thyroid Examination: What is normal?***

This CME/CPD accredited activity consists of an educational video and discussion facilitated by senior Pediatrician Dr. Andrew Bauer (USA) and will be available from 25 May 2019!

Other thyroid resources available at your fingertips:

---

An in-depth update on thyroid nodules with a focus on the integration of cytology and sonographic features to determine their appropriate management.

**In collaboration with Dr Jennifer Sipos, MD (USA).**

Get insight into the major changes that occur in thyroid physiology during pregnancy, treatment regulation and management, and potential adverse outcomes and risks associated with thyroid disease and its treatment during pregnancy, among other topics.

**In collaboration with Dr Tim I.M. Korevaar, MD, PhD (the Netherlands).**

## ISE joins the **NCD Alliance**

We are pleased to announce our full membership to the [NCD Alliance](#) (NCDA), in order to accelerate political commitment and action on noncommunicable diseases (NCDs) worldwide, including all endocrine related disorders. The NCDA is global civil society organization active in more than 170 countries, dedicated to improving NCD prevention and control worldwide.

A promotional graphic for the SLENDO 2019 congress. It features a world map with numerous circular icons representing speakers from various countries, each accompanied by a small portrait and name. The text "WHERE WORLD MEETS FOR ENDOCRINOLOGY" is at the top left, and "SLENDO 2019" is prominently displayed. A central text box states: "80 International Top Speakers are ready to attend SLENDO with Immense Support and Love for Sri Lanka." At the bottom, it says "AUGUST 01st - 03rd SAVE THE DATES!" and "SHANGRI-LA COLOMBO, SRI LANKA". The website "www.slendo.lk" and logos for SLENDO, ISE, and other partners are also present.

## SLENDO 2019 is going strong

We are happy to inform you that despite the recent tragic events in Sri Lanka, **SLENDO 2019**, the Endocrine Congress Sri Lanka 2019, will remain to be held from 1-3 August 2019, in Colombo, Sri Lanka.

Also ISE continues to fully support this congress and provides several international faculty members as well as program development support.

Abstract submission deadline: **3 June 2019**.
